

1st Grade Math Summer Homework

Name: _____

Dear Future First Grade Parents,

Please practice addition facts with your child at least 25 times this summer. They need to do at least 20 minutes of math addition practice 25 different times. Sign below when they have completed each session. Please have your child bring in this signed sheet on open house night or on the first day of school for a “sweet” treat. Thank you for helping them get ready for 1st grade math while you’re having loads of fun in the sun with family and friends. (Math activities can include: flash cards, math magician website: “google math magician”, age appropriate math apps on mobile devices, worksheets, etc.)

Have a great summer,

(Your Future First Grade Teacher)
